

COMMUNITY VOICES QUILT PROJECT

Join artist Sabine Ledieu for this workshop and learn how to make "quilt pieces" out of non-traditional and recycled materials. Exercise your creativity while using paint and found-objects to illustrate your history, culture or personality. The pieces that participants create will be used as part of a larger assemblage deemed our "Community Quilt." Our quilt will be exhibited in the Spartanburg Public Library and then will travel to Battle Creek Michigan in an Art Exchange with Willard Public Library who will send their "Community Quilt" to Spartanburg.
